9th IPCE CONFERENCE

Beyond the Future: Science Leading Change

JUNE 30TH - JULY 1ST 2026 | PISA - ITALY

The Steering Committee

F.Kanda, M.Minamino (Japan) R.Leroux (France) P.Romanowski (USA)
S.Tampucci, D.Monti (UNIFI) C.Villa (UNIGE) A.Ciavola, E. Mignini, S.Motta,
E.Piras (SICC) are proud to highlight the excellence of the 9th IPM Conference

IPCE over the years has established as a **bridge between the last IFSCC Congresses**

Once again, an Italian UNESCO site, PISA, the City of G. Galilei and its surroundings will host the 9th Edition!

The Steering Committee has carefully selected **International and Keynote Speakers**, featuring a high-level scientific program. Session D in particular will be entirely dedicated to **ABEL**, *the empathic robot created by the University of PISA*, representing the human-centered vision of the 5.0 industry transition
